11.15am, Saturday 19 October 2024

Justice for Harrods Survivors – the barristers Dean Armstrong KC, Bruce Drummond, Maria Mulla – today released the following statement in response to a report about Mohamed Al Fayed in *The Athletic*.

What former Fulham captain Ronnie Gibbons was forced to endure at the hands of Mohamed Al Fayed is yet another horrible example of the monstrous abuse aided and abetted by the businesses he owned.

We salute our client's bravery and are proud to advocate for Ronnie and others at Fulham who are searching for justice.

We will do whatever we can to lift the lid on abuse, no matter where it was perpetrated, or who it was perpetrated by, including any enablers of Al Fayed's abhorrent behaviour.

We will have more to say on Fulham Football Club next week.

Anyone who thinks they may have been impacted in a similar way can contact our team at harrodssurvivors.com or call us on +44 (0)203 468 0493.'
